Sick Leave & Disability Plans

These plans provide eligible employees with sick leave coverage due to absences related to illness/injury. The accumulation of sick leave shall be viewed in the context of insurance rather than an entitlement and shall not be a consideration for salary or wage increases or compensation in severance or retirement situations.

Sick Leave Bank

Permanent employees and Term Certain employees employed for a minimum one-year term and scheduled a minimum of 18.75 hours per week earn sick leave at a rate of one day per month (pro-rated based on the number of hours worked in a year) into a Sick Leave Bank. Sick Leave Banks accrue to a maximum of 12 days. The Sick Leave Bank is used for sporadic illness, Family Responsibility Leave and/or the waiting period for Short Term Disability (STD) program.

Transitional - Employees whose Sick Leave Bank exceeds (twelve) 12 days are grandfathered and will maintain their current bank balances and will not accrue additional sick leave until such time as their Sick Leave Bank is below the maximum twelve (12) days. The standard rate of accrual of one (1) day per month to the maximum twelve (12) days will then apply.

Unused sick leave is carried forward to subsequent years to a maximum credit of twelve days plus any grandfathered Sick Leave.

Short Term Disability (STD)

Permanent employees, except CAO and Directors (see Salary Continuation Plan), scheduled a minimum of 18.75 hours per week are protected by a Short-term Disability Plan (STD) which provides 66 2/3%, tax

free income replacement for illnesses/injuries up to a maximum of 17 weeks or 85 working days; at which time employees become eligible for coverage by the Long Term Disability (LTD) plan in accordance with the insurance contract.

STD premiums are paid by the City and the employee receives a taxable benefit for these premiums; resulting in the 66 2/3% benefits being non-taxable.

STD benefits commence after seven (7) calendar days (five working days) for illness and immediately for a non-work related injury.

While on STD, the City shall pay the employee's share of Dental and Health premiums and the LAPP/ RRSP contributions, and, if applicable APEX contributions.

Salary Continuation Plan

In lieu of the Sick Leave Bank and the STD Plan, the CAO and Directors are covered for illness or non-work related injury with salary continuation for the seventeen (17) weeks LTD elimination period. Once the elimination period is served, the employee is eligible for LTD benefits in accordance with the plan requirements.

Long Term Disability (LTD)

When an employee is approved for LTD benefits, the employee may choose to continue to participate in group benefits up to a maximum period of two years from the effective date of their LTD benefit. The employee is responsible for the employee's portion of the premiums.

LAPP contributions may be suspended during the leave. If the member so chooses, the member will be given the opportunity to purchase the service upon their return to work. An opportunity shall be provided for the member to continue to pay their portion of the LAPP and/or APEX contributions contingent on satisfactory arrangements being made for payment and in accordance with the plan regulations.

Should an employee choose not to make application for Long Term Disability Benefits, or if the claim is denied and the employee is not appealing the decision; the employee's employment will be terminated.

Where there has been no attempt to return to work in any capacity, and in the event that an employee receiving Long Term Disability Benefits agrees to a final settlement from the benefit provider, the employee's employment and any and all employee benefits offered through the City will be immediately terminated. The City will request that any such offer include a voluntary termination of employment as a condition of the offer and, that the employee will release the City of any alleged liability or loss as a result of the settlement.

When an employee has not been actively at work for a period of two (2) years and seventeen (17) weeks, and where there is no indication that the situation will improve in the foreseeable future or after considering all possible options, there is no opportunity for accommodation, the employment contract will be considered to be frustrated and the employee's employment and any benefits offered through City of Lacombe will be terminated.

Modified Work

The City has a modified work program for ill and injured employees to keep them at work during their recovery and/or to return employees to their pre-injury, pre-disability occupation. Employees on STD,

LTD or WCB are required to participate in any appropriate early return to work or modified return to work program supported by the employee's treating physician, benefit provider(s) and the City.

Job Abandonment

Any employee absent for three (3) consecutive days without notification or written authorization for a leave will be considered to have forfeited their position with the City unless their immediate supervisor is notified prior to the end of the three (3) day period and proper acceptable documentation is provided.

Sick Leave Absences

Employees who are absent for three consecutive days or more may be required to provide a medical certificate from their doctor or qualified medical practitioner. Failure to provide the requested medical certificate may result in the absences being applied as leave without pay.

At any time the City may require an employee to provide a medical certificate from a qualified medical practitioner of the City's choosing, stating whether the employee has a medical condition, the prognosis of the condition, if there is a treatment plan in place and if the employee is following the treatment plan, fitness to be at or return to work and the specifics and duration of any physical restrictions and/or limitations.

The City may request a medical certificate at any time, if deemed necessary, due to excessive absenteeism. When a medical practitioner charges a service fee for the City requested medical certificate, the City will reimburse the employee for that service fee.

The accumulation of sick leave and vacation is suspended while the employee is on STD, LTD and/or on Sick Leave without pay, however balances at the commencement of the leave will be maintained.
